AN INTERESTING FEATURE.

The chief signal officer of the United States is collecting popular weather proverbs and prognostics used among all classes—Indians, negroes, Chinese, and others. He sends us one to be filled out by those who have any or know of any. Blanks for proverbs relating to the sun, moon, stars, meteors, comets, rainbows, fogs, dew, clouds, frost, snow, thunder, winds, prognostics from the actions of animals, birds, fish, reptiles, trees, furniture, proverbs of days of the week, months, seasons, and year, with other popular sayings are given.

EDITORIAL NOTES.

In a recent speech Blaine said: I challenge any gentleman to show that in the whole twenty-one years the Democratic party and its various side issues, like the Greenback and Labor and other organizations, has ever proposed a measure that was able to be materialized into the form of a bill or resolve in the Congress of the United States for the amelioration of any human woe, or for the advancement of any public good.

The Austin Democrat appeals to its party to try to break the blow. It says:

Will some Democratic editor or writer please take hold of this challenge and do something with it?

Some of our merchants are beginning gradually to open their stores on Sunday. This is in opposition to a wise law both of nature and the Legislature, which says that everything that works should rest one day in seven. It will detract from Reno's reputation without adding to her business to have all the stores running on Sunday. If all close up there can be no advantage, and it will benefit the whole, adding to the value of property and to the volume of business in the end.

The Reno Gazette says: "If the Republicans of the Great East can hold their own, those of the small West will make a majority." The East will more than hold its own, and if Eureka county does not give 150 majority we are "not a prophet nor the son of a prophet." So thinks the Eureka Leader.

Only 26 copies of Guiteau's book have been sold.

FOREIGN TELEGRAPH.

Items from Egypt.

CAIRO, October 8.

Arabi Pasha is treated as the commonest convict by his Egyptian jailors. It is stated on good authority that the British Consul General told the Khedive that British control will be abolished.

General Wolsey gave a grand picnic yesterday on the Nile to the staff and commanding officers.

Bedouins violated the graves even of their own dead for the sake of loot. Cotton is coming in freely from Mansourah.

A Priestly Privilege.

LONDON, October 9.

As a concession to the feeling of the Catholic clergy throughout Ireland all Bishops except Archbishop McCabe have extended a general permission to priests in their dioceses to take part in the Mansion House evicted tenants movement and in the new labor league and industrial union, forbid by Parnell. Several minor church dignitaries have consequently become Presidents of branches of the league, and will in that capacity participate in the public conference.

Death of a Canadian Jurist.

WINNIPEG, October 8.

E. B. Wood, Chief Justice of Manitoba, was struck with paralysis yesterday while giving judgment from the bench, and died four hours afterwards. He was formerly a prominent lawyer and politician of Ontario. One of his first acts here was to sentence to death Ambrose Lepine, one of the leaders of the rebellion of 1870, for the murder of Thomas Scott.

It is said that Guiteau's skull has been stolen, and that another has been substituted to complete the skeleton.

TO-DAY'S NEWS

Press Dispatches to EVENING GAZETTE.

EASTERN DISPATCHES.

The Irish Skirmishing Fund.

New York, October 9.

The committee investigating the Fenian skirmishing fund, reports that the alleged forged checks given by Rossa to Breslin were not forged and not dishonored; that there were funds in bank to meet the checks when drawn, but had been attached. The committee was informed that Breslin and Devoy carried away from the office of the Fenian Brotherhood skirmishing fund letters addressed to Rossa, and were disappointed at not finding a letter containing a threat from Devoy to expose Rossa if he did not turn the fund over to them. A member of the committee said enough evidence has been produced to send the Trustees to State Prison, and that threats have been made that he and others would be laid out if they attend to-day's meeting. Itemized accounts showing the disposition of \$30,000, including the so-called Ford loan of \$12,000, are declared fraudulent. A resolution was adopted declaring that the Irish World has done a noble thing in closing its columns to that latest delusion, the Land League.

The Land League.

BUFFALO, N. Y., October 9.

At a meeting of Branch No. 1 of the Irish National Land League to-day, James Mooney, National President, and J. J. Hynes, National Secretary, attended. The action of Patrick Ford, of the New York Irish World, in closing his subscription list and declaring the Land League out of existence, was discussed and a motion of confidence in the National League proposed. Mooney deprecated the motion as unnecessary, and said it was best to await advice from Ireland. Hynes stated that such had been the determination reached at the meeting of the General Council of the National Land League on Saturday, and the resolution was withdrawn. The defection of Ford is of no national consequence. The Branch resolved to forward \$1,000 to the national treasurer.

Naval Affairs.

WASHINGTON, October 9.

A clause in the naval appropriation act directs the Secretary of the Navy to appoint a commission of three persons—one from the line of the navy, one from the staff and a third from civil life—to consider and report at the next session of Congress, upon the question whether it is advisable to sell any navy yards, and if so, which. The Secretary has made the following selections: Commodore Stephen B. Luce, Chief Engineer C. N. Loring, and A. B. Mullett. The Secretary has also selected the following officers for an advisory board on the construction of vessels: Commodore R. W. Schufeldt, Commander John A. Howell, Lieut. E. W. Very, Naval Constructor Frank L. Fernald, Chief Engineer A. Henderson, and two civilian experts not yet selected.

Thieves Arrested.

WASHINGTON, October 9.

William L. Slater and Wilmoth Ward were arrested here last night by secret service officers on a charge of conspiracy to defraud the United States. Slater was a candidate for the position of assistant chief of bureau of engraving and printing, and Ward was a watchman at the bureau. They seem to have been engaged in a conspiracy with a man who has been a persistent applicant for the position of chief of the bureau to cast discredit upon the present administration of Colonel Irish, and to this extent it is alleged they sought to bribe an employee to steal from the stock of the Bureau engraved work and impressions of notes and bonds.

Sergeant Disatisfied.

WASHINGTON, October 9.

It is said by an intimate friend of Minister Sargent and family that they do not like living in Berlin. Especially is this said to be true of Mrs. Sargent. In view of their dislike for diplomatic life, it is said Sargent has had friends sound Secretary Teller with the proposition to trade places. It will be remembered that Sargent was long talked of for the Cabinet, and at one time California politicians claimed positively that the Interior portfolio had been offered him. It appears by the talk among Pacific coast people that he has not given up the idea.

What Vanderbilt Says.

New York, October 9.

Vanderbilt says of the Anti-Monopolists: "It is inspired by a lot of fools and blackmailers. To be sure, there are some men interested in it whose motives are good, if their senses are not. When I want to buy up any politicians I always find anti-monopolists more purchasable. They don't come so high."

A Narrow Escape from Lynching.

RANVILLE, Ind., October 8.

Hume Redman's devilish deed is worse than reported last night. After kicking his wife insensible he whittled off the inside of her finger ends.

He was brought here to-day and put in jail. The feeling was so intense and momentarily growing more so as each new act of his brutality was made known, that the Posey county officials determined to send him away. When it was learned that he had been taken from Mount Vernon jail to be sent off a mob started for the depot after him, but a train had pulled out just before they reached there.

Ohio Politics.

WASHINGTON, October 9.

Correspondents agree that the political canvas in Ohio leaves the result more doubtful than ever before, because nobody can tell just how far the Germans will revolt, and to what extent Prohibitionists will remain firm for Republicans. Congressional candidates stand a better show than the State Republican ticket. Foster is much blamed for bringing on this issue, when it was unnecessary and there was nothing to gain by it from any quarter. Foster is certain of a State majority and that the Republican Congressmen will all be re-elected save possibly two. The majority will, he thinks, be very narrow.

Pot Calling the Kettle Black.

New York, October 9.

Amos F. Larned, one of the 306 Stalwarts disapproving Beecher's sermon advising Republicans to bolt Folger's nomination, wrote that divine: DR. H. W. BEECHER: You made an ass of yourself yesterday; signed: AMOS F. LARNED. Beecher forthwith replied to this candid statement in no less direct words: DEAR SIR: The Lord saved you the trouble of making an ass of yourself by making you an ass at the beginning, and his work stands sure. Signed: HENRY WARD BEECHER. The correspondence stopped here.

Indian Agent Tiffany.

WASHINGTON, October 9.

Indian Commissioner Price says he knew nothing whatever of the truth or falsity of published statements reflecting on the conduct of Agent Tiffany of the San Carlos, Arizona, agency. Tiffany's record, he said, is not a good one, and he would not be surprised if what is reported of him turned out to be true. Tiffany resigned the agency several weeks ago and his resignation was received at the Department just about the time it had been decided to dismiss him.

A Midnight Murder.

CINCINNATI, October 9.

A. W. Ross, a member of the firm of Ross & Lyle, coal dealers of this city, was found murdered after midnight last night between the railroad and his residence at Glendale, Ohio. His head was beaten to a jelly. His watch and part of the chain and his pocket-book were taken. No clue to the perpetrators. A reward of \$5,000 is offered for the arrest of the murderer.

The Marine Hospital Service.

WASHINGTON, October 9.

The expenses of the Marine Hospital Service the past fiscal year were \$413,928; 36,184 patients received relief; 2,000 pilots and 273 seamen of the Revenue Marine Service were examined for color blindness, and 63 of the former and 4 of the latter were found to be color blind.

A Political Curiosity.

NEW YORK, October 9.

Howard Carroll, of the New York Times, who is mentioned for the office of Congressman at large on the Republican ticket in place of Hepburn, writes a card saying that if nominated he will not spend a dollar to secure his election or do anything to get office for his friends.

Bristles and Head Cheese.

LONDON, October 9.

Thirty persons have been poisoned here from eating head cheese manufactured by local butchers. Physicians attribute the trouble to bristles chopped up with the skin of pork, causing irritation of the stomach's inner coating and producing spasms and vomiting. Some of the sufferers are very low, but it is supposed they will all recover.

SAN FRANCISCO, October 8.

A private dispatch from Chicago states that the body of James Hay Smith, an old resident of California, was found to-day floating in the lake. From the condition of the body there is a strong suspicion of foul play. Smith lived in San Francisco for some years and is well known. He has resided in Chicago for several years.

In a Worthing Cause.

The ladies of the Catholic church have, during the past week, devoted their attention to giving both their church and the public a benefit—the public by furnishing an opportunity for young and old to enjoy a pleasant evening at a small expense, and the church by donating to it the proceeds of their entertainments. Kimball hall was well filled every evening last week by people who went there early in the evening to listen to the literary exercises from 8 until 9 o'clock and to indulge in dancing from that time until midnight. The music furnished by Fredrick's band is good, and the floor is the best in town to dance on. Everybody who has attended any of these soirees will be there again tonight to get \$5 worth of fun for 50 cents, and to-morrow night everybody and their sisters and their cousins and their aunts will turn out to the grand ball which the ladies have arranged as a wind-up to the week's festivities.

For Constable.

G. M. Humphreys announces himself as a candidate for Constable, subject to the decision of the voters of Reno township on the 7th of November. Mr. Humphreys has been a deputy under Sheriff Walker for nearly two years, and his record as an officer is good. If elected he will make a most excellent Constable. No town on the line of the railroad east of Sacramento needs a good Constable more than Reno. Read Mr. Humphreys' card under "New To-Day."

Notice to Voters.

Persons intending to vote must see that they are registered before 6 o'clock p. m. on October 20th. A great many are under the impression that the 21st is the last day, but reference to the statute will show that no legal registration can be done after the 20th. For ten days before the 20th the books are open until 9 o'clock in the evening, but on the last day they close at 6 p. m., as will be seen by notice in another column. Don't fail to get registered in time.

YESTERDAY'S RACES.

A Large Attendance, Exciting Contests and Lively Betting.

The races yesterday were largely attended and very interesting. The first was a two-mile and repeat trot, with Carlisle, Alonzo Hayward and Pilot as starters. The pools sold \$30 for Carlisle, \$6 for Hayward and \$4 for Pilot. Carlisle took the first heat, with Alonzo Hayward second and Pilot behind the red flag at the draw gate. Time, 5:37. Carlisle took the second heat and race.

The second race was a mile and repeat (running) between Overland Pat, Snuff Box and Ernest. Pat found plenty of backers at \$20, against \$5 for Ernest and \$4 for Snuff Box. The first heat Ernest won in 1:52½, with Pat at his throat latch and under a heavy pull, and Snuff Box two open lengths in the rear. The second heat Pat won in 2:53, with Snuff Box a good second and Ernest trailing. The third heat Snuff Box came in half a length ahead of old Pat and Ernest taking their dust. At this point betters could see that Pat was very tired, and that unless something happened, Pat would get left in the next heat. They went to the pool box and played in considerable money on the field at \$20 for \$4 and \$5 on Overland. One gentleman, who had \$500 in the box, on Pat, went to the judges with the charge of jobbery, and requested that Pat's rider be changed. The judges mounted Pat, Duffy, a jockey from San Francisco, on Overland, which restored confidence that the old horse would take the cake. They got a good start and Snuff Box took the lead from the wire and maintained his position to the three-quarter pole, Duffy making it as easy on his horse as possible to that point, when he made a brush for the lead. It was an exciting contest down the stretch. At the draw gate Pat collared Snuff Box, when Duffy said "now or never," and gave his horse the gas, "laid him in a masterly manner," winning the heat and race, with Snuff Box second and Ernest third length behind. Time, 2:52. A purse was made up and given to Duffy for winning the race.

The next race was a mile dash, between Ballot Box, Jr., and Katie Keys. Ballot Box came in an easy winner. Time, slow.

Wm. Tell, Roanoke and Dutchman were then brought out for the three-five trot. Pools sold: \$20 for Tell, \$14 for Roanoke and \$10 for Dutchman. Dutchman took the first heat, Tell second and Roanoke third. Time, 2:40½. Roanoke took the next two heats, when the trot was postponed until to-day.

Large Funeral.

The funeral of James Duffy, Sr., was largely attended at Carson yesterday. A number of friends went from Reno, and still more from Virginia and vicinity. Deceased was well known and respected by a large circle of acquaintances. The Appeal says: The deceased was 60 years of age and born in county Mayo, Ireland. He came to this country from Australia when quite young. Besides his wife the deceased leaves four daughters, the wife of ex-Congressman Woodburn, Mrs. T. L. Smith, of San Francisco, Mrs. H. Rice, and Josie Duffy, also three sons, George, James and Edward. His funeral took place yesterday at 2 o'clock under the auspices of the Odd Fellows Lodge, an organization of which he has been a member in good standing for nearly 40 years. As he was in the Endowment rank, his wife will receive the benefit from the Order.

New Road to Steamboat.

C. F. Meeler and some of his neighbors have dug a road around the hill from Crane's bridge to the V. & T. track, which saves about three quarters of a mile in distance between Reno and Steamboat. Instead of turning to the right at the school house it goes to the left on the Virginia road down the hill, and turns off to the right again at Steam creek, and follows the track up. It will be a great deal smoother and better road than the old one, when it is worked a little.

Accident at Cuba.

Henry Fassett, a brakeman on an eastern-bound special, had a narrow escape from death while his train was passing through the railroad bridge at Cuba yesterday. Fassett was standing on the top of a box car, when his head struck the bridge timbers knocking him senseless. Fortunately he fell on the roof of the car instead of under the wheels, and escaped with only a bruised head.

A Cloud of Knights.

O. C. Wheeler, general baggage agent of the Central Pacific Railroad, who passed through Reno a day or two ago, while en route to Sacramento for the transportation of delegates to the Knights Templar Encampment at San Francisco next season. He arranged for the transportation of 10,000 Knights.

Killed by the Cars.

A brakeman named Thomas Gregor fell from the west bound freight train at Hot Springs yesterday morning, and was run over and instantly killed. His remains were taken to Winnemucca for interment. He was a young man and unmarried. He has a brother living at Winnemucca.

Benefited Already.

The Susanville Advocate says: "The Reno and Susanville stages connect with the N. & O. R. R. at O'Neill, giving us our mail about two hours earlier than heretofore."

PERSONALS.

J. F. Taylor, Virginia, is here.

M. T. Coats is laid up with a kink in his back.

J. W. Madril, State Printer, is visiting the Fair.

B. C. Whitman was in town yesterday morning.

Mrs. B. F. Small has gone to the Bay on a visit.

H. M. Yerington returned from the west yesterday.

E. J. Parkinson of the Tribune came down from Carson yesterday.

J. E. Calderwood, the Suprise Valley stage man, is in town.

Bishop Whitaker goes below to-night on a visit and for a rest.

George Ernst, the Democratic candidate for Surveyor-General, is in town.

Wells Drury of the Virginia Enterprise beamed upon the people of Reno yesterday.

Wm. Irwin, superintendent of the Standard mine, Bodie, came in on the V. & T. last night.

A. A. Travis left Reno for Wadsworth Saturday night, from which place he will start his teams to Downeyville, Nye county.

Senator J. P. Jones went to San Francisco Saturday night. He will return during the latter part of the week and engage in campaign work.

John J. Curry, one of the proprietors of the Bodie Evening Miner, went west last night. He will recuperate his wasted energies at Paso Robles springs for a month or so.

Dan Garrard, late Deputy Warden of the State Prison, passed through Reno Saturday night en route to California, where he goes to reside permanently. He will devote his time to placer mining.

N. H. Kendall, long a resident of Reno, goes East next week to live. Mr. Kendall was once a conductor on the Central Pacific and V. & T. roads, but of late has been employed in Mr. Bragg's lumber yard.

Wm. P. McIntosh of Aurora, Esmeralda county, arrived from San Francisco yesterday on his way home. He will immediately begin the construction of a 10-stamp mill at Aurora, that will be first-class in every respect.

Hon. Pat Reddy, Democratic nominee for California State Senator from Mono, Tulare and Fresno counties, went through Reno Saturday night. He is on his way to Tulare and Fresno, where, he believes, his principal fight lies, and spend most of his time in those counties and Kern until the election.

At the Track.

In the tournament this morning Misses Finlayson and Clarke and Mrs. Galt took a turn around the track for \$20, in addition to the usual performance. Mrs. Galt held back at the start, but came in in fine style, while the others never got in. The premiums will be awarded at the Pavilion this evening. The lady with the dark blue ribbon will get first premium, the light blue second, lavender third, cardinal fourth, the dark blue and light red tied for the fifth, and the white seventh. In the trot postponed from yesterday Dutchman came in ahead on the first heat, but was placed third for running. Tell first and Roanoke second. In the next heat Roanoke came in ahead, but Tell was given the heat because Roanoke's driver broke Tell by yelling. Time, 2:43. Tell won the last heat in 2:41. Joe Howell and Frank Rhodes ran in the mile-and-three-eighths dash, which Howell won in 2:36½. In the mile dash for two-year-olds Form beat Baldy Green in 2:05½. The last race was mile heats, three in five, for district horses—Slim Jim, General and Woodburn. Woodburn won the first heat in 2:40½. Slim Jim won the second heat in 2:41; General distanced.

Not About Horse Races.

Horse-racing does not appear to engage so much of the attention of the sports that they lose sight of the older style of speed contests—foot races. Al. Skinner, an amateur runner of some notoriety throughout the State, had not been in town 24 hours before—Wilson was matched to run him a 50-yard race. A forfeit of \$20 a side is up and the race is expected to be run at the track to-morrow. As Skinner is known to be lively on his legs and his opponent contends that he is livelier, there will probably be considerable money exchanged on the result. There are several light-footed runners in Reno who can get plenty of backing, and the race to-morrow may be only a forerunner of some very interesting contests among our local sprinters.

The Beauty Prize.

Miss Lexie Finlayson was awarded Knowles & Bainbridge's special premium of a stove by 95 majority on Saturday evening at the Pavilion, for being the handsomest woman in the hall. This evening another special premium will be given to the best dressed lady present.

Benefited Already.

The Susanville Advocate says: "The Reno and Susanville stages connect with the N. & O. R. R. at O'Neill, giving us our mail about two hours earlier than heretofore."

THE WINNING NUMBERS.

Result of the Drawing at St. Mary's Wednesday Night.

The prize scheme projected by the Sisters of St. Mary's school was in part carried out, and Wednesday night there was a drawing, with the following result. But one ticket was sold in Reno, and that proved a winner:

Ticket No. 219—Sixty acres of good farming land in Nevada, drawn by Mr. Holtzborn, of 308 Elk street, Buffalo, New York.

No. 2879—House and lot in Reno, Nevada, drawn by Mrs. Anna Burk, 354 Poplinton street, corner of Mulberry, Baltimore city, Maryland.

No. 8013—Pair of carriage horses, drawn by Miss Mary Whelan, of Reno. No. 1163—Piano, drawn by Mrs. J. Clements, of 713 Taylor street, San Francisco.

To-Morrow's Races.

The first race will be the 2:50 class, three in five. Queen, Mollie Burns, Douglas, General, Fred Arnold and Crab are entered. The next will be a two-and-a-quarter dash between Fred Collier, Red Boy, Joe Howell and Viola R. Other races not made up yet.

Auction This Evening.

The Trustees have claims against several citizens of Reno who have subscribed to the State Fair Fund and refused to pay. These claims will be sold at auction at the Pavilion this evening at half-past eight.

Plenty of Hay.

It is estimated that no less than 35,000 tons of hay was produced in Sierra Valley this year. It is a low estimate at that.

THE GREAT SUCCESS.

"THE TAMPICO."

Pat. July 22, 1873; Aug. 3, '78; Aug. 3, '80; Jan. 6, '82; April 4, '83.

THE TAMPICO CORSET is boned with the Tampico Fibre, in

substitution of the old fashioned Rigid and Breakable Bones.

The Tampico Stay will not be affected by heat, cold or perspiration, and

while it affords a more comfortable support than any other, it cannot be

broken, however severe a test it may be exposed to in wear. It is so pliable

that it conforms easily to the body in every position, and affords a

most comfortable support to the wearer. It will be refreshing to ladies to find

in "The Tampico" a corset that will never break. At an evidence

of its intrinsic merits, A REWARD OF TWENTY DOLLARS is offered to the wearer

of every Tampico Corset in which any of the Tampico stays break. It has

the valuable patent attachment known as the triple back which affords a

complete protection to the spinal column (the most vital part of the body),

thereby preventing back-ache, spinal irritation and allied diseases to

which ladies become subject from exposure, by leaving an open space at the

back, as they invariably do, in wearing the ordinary corset. "The triple

back" supplies a covering for the open space, and thereby protects the

spine from cold, prevents wear of the undergarments by friction of laces, and

gives a smoothness of fit to the back of the dress, making it a most

valuable and necessary feature to all corsets.

Beware of a variety of imitations of the "Tampico" made with

cord, round reed and other inferior materials.
